SUMMARY

UCLA Anderson MBA and Business Strategy & Insights Manager at Productboard (B2B SaaS), acting as strategy consultant across product, GTM, monetization, and operations for 3000+ customer base. Works with agentic AI tools like Claude Code to run advanced analytics, automate operational workflows, and deliver data-driven recommendations to executive stakeholders.

EXPERIENCE

PRODUCTBOARD - B2B product management SaaS (Series D, 260M+ Raised)

San Francisco, CA

Business Strategy & Insights Manager

September 2025 – Present

- Converted 60 AI use cases into prioritized product roadmap, using customer interviews and MaxDiff survey to identify high-value features and align engineering and GTM investment behind strongest commercial opportunities
- Built AI workflow in Gong to classify customer buying intent from call transcripts, matching it to product telemetry and enabling CSMs to drive targeted feature adoption toward each customer's goals
- Analyzed impact of shifting enterprise renewals onto AEs by isolating effects on net-new conversion, win rates, and cycle time, surfacing declining funnel productivity that drove leadership to return renewals to dedicated managers
- Designed token-based pricing for new AI product, analyzing per-feature compute consumption to set credit pricing that protects SaaS-level margins through hybrid subscription-plus-usage model
- Operationalized seat-overage revenue capture, defining screening criteria across product usage, account health, and renewal timing, routing \$1M+ in collectible expansion ARR to AEs as prioritized upsell plays

ABBOTT

Alameda, CA

Product Manager Intern (MBA)

June 2024 – August 2024

- Conducted primary research with healthcare providers to identify adoption drivers for medical device product, informing segmented product positioning aligned to provider priorities

PINN INVESTMENTS - \$100M in deployed capital

Newport Beach, CA

Senior Associate, Strategy & Operations | Associate | Analyst

December 2018 – February 2024

- Spearheaded 0-to-1 product concept development for Marriott hotel, synthesizing market, competitive, and customer inputs to define product offering in partnership with design, driving 14% uplift in IRR
- Drove \$65M divestiture of a flagship asset, leading due diligence, financial modeling, and positioning strategy to achieve a record-setting valuation and 120% return on equity
- Directed 20+ person cross-functional task force on \$34M construction dispute, delivering forensic analysis to inform legal strategy and reduce exposure by \$11M
- Enabled \$12M in capital-deployment decisions by evaluating acquisition and ground-up development opportunities, modeling ROI, strategic fit, and long-term growth alignment

AMADA AMERICA

Buena Park, CA

Mechanical Design Engineer

February 2018 – December 2018

EDUCATION
